Pet Portraits /Event Photographer looking to work. To build portfolio and as part-time income.  
 I do photograph Human and (with) Pet Portraits.(Dogs, Cats and Horses) I also do events such as Horse Shows, Team Sorting, Dog Shows, and Cat Shows.

I'm a 2nd year Digital Photography Student at Brown College. I've been shooting photography for the last 6 years and I have an extreme passion for it. I have taken courses and received formal training in photography. I'm also self-taught. I have professional grade equipment. DSLR, Flash, Lenses etc. I capture more than basic snap shots. I take care and time to capture the essence of each event that I do.

My rates are very fair, at the moment I charge a flat rate of \$75.00(for a event such as Horse Shows or any other shows I have to travel to I will charge for Fuel). For this price I will provide you with a CD of your Unedited photos (I will run photos through Photoshop for basic editing. Cropping etc.), in professional hi-res quality with large pixels (you will be able to print poster size without any image degradation). The amount of photos I take depends how many subjects and poses you would like. If you would like me to edit each photo, there will be a separate edit charge.
