

# AWESOME Mom Family Daycare back up and drop

Location **Washington**  
<https://www.genclassifieds.com/x-281194-z>

Hello! My name is Jes. I'm a mom of 3 and provide in-home daycare in NE Leesburg Near Leesburg Elementary School and Exeter Subdivision.

I provide care, love and assistance in all areas of development as I do with my own children.

I have had 20+ years of experience in child care (started babysitting when I was 11 years old and also the oldest of siblings in my family) and also 13 years serving/teaching children with developmental disabilities such as Downs and CP, and pervasive disorders within the wide ranges of Asperger's and Autism (started respite care for children and adults with DD when I was 19). I have taken classes on CPR and First Aid (infant, children, adult and special method classes for developmentally disabled) every couple of years since 1999.

I provide healthy meals and snacks. I believe in healthy foods and drinks and also physical play/exercise. We have fantastic outdoor play areas!

\* I facilitate age-appropriate learning activities, crafts, music and organized play. I have had several years experience in the Pre-K and Elementary settings and have lots and lots of material to use for education. I also have 5 years experience in Speech Pathology assisting for birth through Middle School ages.

AWESOME Mom Family  
Daycare back up and drop

I will work on things like potty training, school work/preparedness, practice speech therapy/development and so forth. Independence, experience in other areas of development. Ask a daycare for full day care. "Childcare" also welcome for part-time or temporary placement. Also "drop in" care with short notice. Can work as a caregiver/provider if no other less providing in your vacation period before/after. Daycare is also available etc., -pretty flexible and usually readily available. This is not a big daycare

operation very small and very child-centered. Also available (in my home) for date nights or occasional

Feel free to ask anything!

---

Thanks!!
