Offering \$40 front brake pad and rotor replacement this includes both front for \$40 not per wheel like some of the others. I have been advertising on Craigslist for 9 years now without a complaint. You may notice people copy the titles of my ad but beware they are not me and in no way affiliated with me. I'm A.S.E. certified and I always do my best to save you as much money as possible. You are more than welcome to bring your own parts or I can go with you to purchase them so that you can use my shop discount. You are always more than welcome to watch and learn as I work I have nothing to hide so I welcome anyone who likes to watch as their vehicle is being repaired. I offer many services up to Engine and Transmission replacement and as small as oil changes or wiper blade replacement. I also do minor auto body and paint repair. I will beat any and I mean any written estimate from any shop in most cases by 40% to 50%. Call me anytime at the number above Either Myself or my Brother James will answer any questions you may have. We look forward to helping you with all of your automotive repair needs. Thanks for flagging me to the ones who are threatened by the mechanics that actually do work and take care of the customer instead of being scam!!
