Found 2 1/2 blocks west of Smith Avenue on Annapolis in W. St. Paul - 2/21/15 @ about 8 PM.

Small, female, tan poodle mix. The name "Cali" as on her tag along with a Woodbury address. The phone number on the tag is out of service. We took her to the emergency vet - she is not chipped and they had no records for her missing or otherwise. She also has a small lump on the back of her neck but no other distinct markings. Please help us to find her.
