Aloha

I am renting my studio in Kuau to the right person while I on Oahu.

It is located on the north shore of Maui right outside of Paia. Paia has some of the best yoga, food, and waves on the island. You can easily walk to beautiful beaches and hear the ocean in the distance as you fall asleep. This studio is best fit for just one person as the landlord requests this if I sublet it. Studio is available starting tuesday feb 24th through March 3 or 4th. Depending on your dates I may be able to be a little flexible with my return by a day or 2. The studio is comfortable and cute with a small kitchenette and an outside shower. There is DSL and a parking space in the driveway. I may also be open to renting out my Honda element if you can show you a have a good driving record etc. This space is prefect for someone wanting to retreat and explore the island. It's peaceful and quiet yet very close to town. \$450 for the week plus a \$75 cleaning deposit, if you clean well you can have it back on my return.

Please contact me by texting the number in the contact section to get the quickest reply, you may also call or email but I may not respond as.
