

Paparazzi for your bachelorette party (New Orleans)

Location Louisiana https://www.genclassifieds.com/x-281384-z

You only get married once...

And you only get one bachelorette party!

Why not have a paparazzi photographer there to document the once-in-a-lifetime moments?

Most people probably don't even consider a photographer for their bachelorette party, but they always do for their wedding. Think about all of the wild and wacky moments they're missing!

An iPhone camera isn't good enough. Hire me, and you'll get an experienced photographer with the equipment to get the job done.

I can join in the fun, or be a fly on the wall. It's totally up to you.
