Vintage Old 100% Pure Horse Hair Shoe Shining Polishing Brush Made Israel 1950's. Used condition. Has scuffs, marks from use and age. Missing 2 of the little groups of hairs out of their holes, but still very useable. See pictures for condition and style. I am guessing the date because it came in some other items from that era when I received it. Might be 1940's also. Not.
