Nebraska Technology Solutions Business Development for Computer Service Professionals

Do you want to launch a successful computer technology business?

Please go to: <http://nebraskatechnologysolutions.com/>

Nebraska Technology Solutions provides aspiring computer technicians and business professionals the business strategy and support to quickly launch their own business. We provide the business experience, processes, and practices from successful business owners to help you be successful.

Our strategic business development approach will provide

Higher chances of survival

â€? Reduce time to market for your start up

Technical support

Business and Marketing support

Provide Nebraska Technology Solutions and service for your local community.

Our 4 step approach

Step 1. Assessment for Success - Free

We ask questions online to assess your abilities and market opportunity to be successful. This is a free evaluation and assessment to help you evaluate your chances for success.

Step 2: Market and Business Development Strategy Planning

If Assessment for Success results meet our minimum thresholds, we will work with you to develop a business strategy for launching your new business.

During this stage, our team will work with you in creating a business development and marketing strategy. This may include initial marketing materials including a brochure, website, and social media presence. We will also help you with your first few sales and marketing campaigns.

forms and business cards, a website for your business, potential client list, 200 business and consumer leads, and coaching to launch your business out of the gate.

Step 3 Supporting your computer services technical needs as required. - If you are at a customer site and unable to resolve an issue you can call us or send an email for technical support.
