Do you want to launch a successful computer technology business?

Please go to: <http://nebraskatechnologiesolutions.com/>

Nebraska Technology Solutions provides aspiring computer technicians and business professionals the business strategy and support to quickly launch their own business. We provide the business experience, processes, and practices from successful business owners to help you be successful.

Our strategic business development approach will provide

- â€? Higher chances of survival
- â€? Reduce time to market for your start up
- â€? Technical support
- â€? Business and Marketing support
- â€? Provide Nebraska Technology Solutions and service for your local community

Our 4 step approach

Step 1. Assessment for Success - Free

We ask questions online to assess your abilities and market opportunity to be successful. This is a free evaluation and assessment to help you evaluate your chances for success.

--	--	--	--	--	--	--	--	--	--

If Assessment for Success results meet our minimum thresholds, we will work with you to develop a business strategy for launching your new business.

During this stage, our team will work with you in creating a business development and marketing strategy. This may include initial marketing materials including mobile forms and business cards, website for your business, potential client list of 200 business and consumers, and coaching to launch your business out of the gate.

Step 3 Supporting your computer services technical needs as required. If you are a customer site and unable to resolve an issue you can call us or send an email for technical support.
