We have become foster parents to a sweet lab mix puppy approx 6 mos old. We rescued her and we got her fixed and up to date on shots. We have already started working with her on basic obedience and she is a quick learner. Our dog has become good friends with her and we would like them to remain friends. So we would like to find an approved home that lives near the Eagle Park Bark Park. We are members and dog lovers. She has a lot of energy so a fenced in yard would help. We would keep her, but having two dogs and two cats is too much maintenance. She is really sweet and is potty trained. Inquire about this puppy and skip all the work of having to train a newborn doggie. She is like the perfect dog, good with other dogs, cats and babies! A rehoming fee.
