Hi,  
I am a professional nanny from Cary who is available to work full-time for your family. I have decades of experience in the childcare field and a BA in education as well. I am CPR/First Aid certified, former foster parent, experienced tutor/teacher/nanny with a perfect driving record. I also love pets!

My schedule is flexible. I can supply with you with my background, reference, and education checks in an interview. They have been completed at my current.
