

# Resurfacing Bathtubs, tile walls, and surrounds (MS Gulfcoast)

Location **Mississippi**  
<https://www.genclassifieds.com/x-282020-z>

If your bathtub is damaged, old, dirty, or you just want to update with a new color then resurfacing is for you.

With bathtub replacement you not only incur the cost of the new tub, replacement could include replacing the floor, sub-floor, portions of the wall, plumbing, and hardware damaged during the removal process. By refinishing instead of replacing, you will avoid all of the headaches and in most cases, save you thousands.

Southern Resurfacing is a veteran owned and operated company. We are licensed and insured. Quality work and customer service is the key to our success.

I have special rates for realtors, property management companies, contractors, apartments, hotels, rental properties, and more.

For home owners I have great prices and incentives for you also.

Even if your tub is damaged I can fix it and resurface it to look great again.

The resurfacing system I use produces a smooth high gloss finish that helps repel mold and mildew as it creates a barrier between the porous grout and moisture associated with the environment.
