We are casting actresses for "The Art of The Kiss." This is a comedy/documentary about kissing. The film will explore the awkwardness as well as the sensuality of kissing. I'm currently casting women who are comfortable kissing men or women. The entire shoot should take no longer than half an hour to one hour. We will shoot in a hotel room at Beau Rivage (or another casino nearby). Actors and/or actresses will meet with the director in the lobby. We'll discuss different shots and what will be expected. Once everyone is comfortable, we will film.

If you're interested, please provide at least one head shot, age, kissing preference, and a resume if you have one. No experience is needed, so if you've never acted/modeled, please feel free to apply. If you have any questions, don't hesitate to ask.

If you would like a copy of the footage (or finished segment) for your reel, I will provide that.

Filming will take place February 27th or.
