Hello,

I'm seeking a female model interested in doing an adult/erotic themed photoshoot. The shoot will be sexual in nature but with an emphasis on beauty and high quality imagery. There wont be any sex involved but I do want someone who is comfortable being fully nude and embracing their sexuality in front of the camera. I'm open to all ages (+18) and body types. Please reply with a couple full body shots (don't have to be nude) that also show your face. I'm offering \$75/hr plus I'll send you photos when I'm done editing them. Happy to send you a link to some of my work if you're interested.

Thanks!
