

WILDEN Diaphragm Pump M8 amp Hose (395 USD)

Location **Nebraska**
<https://www.genclassifieds.com/x-282206-z>

I have a Wilden M8 Air Driven diaphragm pump and hose for sale. \$395. The pump is mounted on rollers. The hose is included and the would not be cheap. There are several of these being sold on ebay with prices all over the board. (none with the hose) I do not know very much about these pumps but I have done a little research. The specs to the best of my knowledge are as follows.

156 GPM
125 PSI
1/4" Max solids size Serial # 171019367528
2" inlet/outlet Model M8
