Looking to re-home two of our Guinea Pigs.
 They are currently not housed together and do not have to be re-homed together.
 Asking \$20 each.

Male born January 12th. Crested Tricolor
 Female 5-6mo old - American/English Black

Unfortunately neither of them come with anything - however K-Mart is selling a 20\$ 6-shelf cube system, and Home Depot sells corrugated plastic sheets for around 7-12\$ depending on the size, which is what we use for cages.
 MUCH more cost effective than purchasing a 60-100\$ cage system from a pet store.

Thank.
