

Champion Centurion II Air Compressor (3 phase) (1500 USD)

Location **New Jersey**
<https://www.genclassifieds.com/x-282375-z>

reposting: originally thought it was single phase, but it is actually 3 phase

We are moving locations and this compressor is no longer needed.
Has been working very well for us for just about a year.

Came in the wooden cage when purchased initially for shipping. I believe it can be removed though. Contact me with any questions. Email is the best option.

80 gal. tank cap.
Model: HRV7-8
Dims: 66.5" x 22.75" x 48.5"
3 Phase

Description from website:

"Centurion II

The Champion Centurion II compressor is engineered to deliver industrial-rated dependability at an affordable price. The RV line offers maximum installation versatility. Each compressor features durable cast-iron construction, industrial grade filter and silencer and alloy steel reed valves.
