Vertical Dream Artist Management seeks... (New York City)

Location New York https://www.genclassifieds.com/x-282464-z

We are seeking unsigned artists to add to the roster of our artist management company (which also has a sister company that is a Label.) You will be signed to both, so you will need either a demo or a finished track to present to us for review. We are looking for artists in the genre of: Rock, country, pop, and R&B. No Rap or Hip Hop. All material must be original. We will take care of show bookings and all future recordings. We also have a video production team and a publishing company. Serious inquiries only. Also looking for female musicians to join to band, we need 2 lead guitarists, a rhythm guitarist, a bassist, a pianist/keyboardist and a drummer. The Guitarists, bassist and keyboardist must be songwriters and singers. The drummer doesn't need to be but that would be a huge plus. Thanks for your time.
