

# Free Hardwood (Oak, Maple) If You Fell

Location **North Dakota**  
<https://www.genclassifieds.com/x-282527-z>

Looking for someone to fell an acre or so of hardwood trees (Oak, Maple, etc.) near Richwood, MN.

**Details:**

- \* There are many large Oak/Maple trees in the area to be cleared. It is expected you will take the felled wood as compensation for your time/effort. No pay will be provided.
- \* There is a good road going right up to the location, you should have easy access.
- \* Any left over branches or wood that you do not want will need to be reasonably stacked neatly before you leave! We will be breaking this land for a food plot in the spring. All the branches in couple big piles is good enough.
- \* We will clearly mark the boundary of the area to be cleared ahead of time.
- \* We plan to do this in several locations on the property over the next few years. Looking for someone who would like to come in and do this a few more.
