

Hiring male model for nude shoot (Raleigh)

Location **North Carolina**

I am a photographer here in Raleigh needing to update a part of my portfolio in order to be considered for a contract job. It's been about 15 years since I shot male nudes, so the prints I have are old.

I am looking to hire several models with various looks. I am looking for guys with the following: Short hair, long hair, muscular builds, swimmers builds, prefer smooth and no facial hair, between the ages of 20 and 40. Also must be comfortable in front of the camera.

For anyone that is interested, please tell me some about yourself, if you have experience or not, and at least a face pic or a upper body.
