Gorgeous vintage vanity or desk. Look at all those lovely details! This piece was given a total makeover! Body was finished in a custom mix of grayish paints, using Annie Sloan Paint, highlighted with Graphite and waxed for a buttery finish. This piece was distressed to add an aged patina. The top was sanded, stained and several coats of polyurethane were added for protection.

You could use this as a vanity -- just hang a mirror above it, or would be excellent as a desk, or even as a hallway table, or behind a sofa. Lots of uses in your home!
