Get your BONANZA mini bike frame here. Remembe those days? Yeah, the kid down the street had that Sears mini bike but your Bonanze with the two chain drive and the band brake around the drum meant you wre going faster and stopping a whole bunch better than that wheel skid plate on that cheap sears machine.

Here's your chance to bring back a machine to it's glory days like a golden phoenix. The 3.5 HP Briggs motor shown in the pic's can be thrown in, it turns over but is currently missing the front cover.

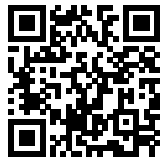

Yeah. You gonna let THIS one go by?
