

Pattern Making with Fashion Design Software (Cleveland)

Location **Ohio**
<https://www.genclassifieds.com/x-282798-z>

I'm looking for a fashion design student or pro who has experience with software to create the necessary pattern specs to get a dress and bag design made by a manufacturing company. I can pay \$20 and hour and I'd like to find someone who would be willing to work with me around so that I can learn as you are doing the work.
