

# 01 Honda Odyssey Van EX Power Doors Clean (2250 USD)

Location **Pennsylvania**  
<https://www.genclassifieds.com/x-282812-z>

Selling my 2001 Honda Odyssey. Good cheap van for someone. Runs very good overall. Only noticeable repair needed is a motor mount. Not an expensive repair nor major. You can just feel more vibration than usual from engine sometimes. Transmission shifts fine. No slipping. Interior is non smoked in cloth and very clean. Has push button power doors that both work fine. Radio, rear climate control, heat windows and a/c all work as they should. Tires and brakes also decent. Has a little over 170k miles but as you probably know these Hondas go a long time. Exterior is in very good shape. Let me know if you have any questions. Ready to sell.
