Urgent Need to Rehome Two Male Cats ASAP (edmond)

Location Oklahoma https://www.genclassifieds.com/x-282880-z

I have two male cats that I need to Rehome ASAP. Daughter has developed severe allergies and we are trying to start with a clean slate. I have tried posting on social media, humane society etc and cannot find homes. They are both male, one orange tabby - 7 yrs and one black and white - 6 yrs. both front declawed and neutered. Wonderful loving cats they just can't stay. Must find a home by Thursday. I'm trying to avoid the OKC animal shelter since they are a kill facility. I don't want these guys.
