I have a very clean (originally from the midwest) '71 chevy truck 1/2ton long bed frame - front disc brakes (5-lug), 5 lug 3.73 open rear differential, automatic crossmember, v8 motor stands. It also has the factory "helper springs" in the rear. All the A-arms are clean and "pitting" free.

NO SHEETMETAL parts - there is a cab & bed, but they are rough and I need some parts out of the cab.

\$500/obo for the rolling frame - rememeber it is a '71 with 5 lug and disc
