

Online Book Seller Wanted. . .a win

Wisconsin<https://www.genclassifieds.com/x-282990-z>

I have thousands of books, in many genres, which I need to sell. Seeking honest, reliable, motivated, and computer literate seller to sell these books online. No investment on your part except a safe, dry place to sort and store books. You get a negotiated part of net profit from the selling price of books and shipping costs. Must show a plan and system to guide sales. Need to start fairly soon. Please contact me, with a resume of your experience by email, and to arrange a meeting in South Milwaukee. Thank you very much.
