these guys are with junebugs rescue who is pending 501

jitterbug although I love her to death if the right home came along I would be selfish to not let her go as letting her go and I can save another in need. jitterbug is 9 years old. she has had bloodwork and a dental done and did well. she only lost one tooth. she has had bladder stone surgery and had a huge stone removed. she is now on prescription food and as long as she stays on it she will never get stones . she is wonderful with kids, other dogs and even cats. she is great off leash and rides well in the car. she is spayed, all shots, hw negative and microchipped. adoption fee is \$100

. food costs \$59 but I just bought a huge bag and it will last 2 months if not longer
