Lila is with junebugs rescue who is pending 501

Lila was surrendered to the shelter at 14 years old just cause her owners did not want to take care of her anymore. Lila is an awesome dog. she is good with other dogs, cats, kids, housebroken. she is very sweet and even likes to play but for the most part sleeps all day. I love this girl and I know the odds are against her at ever having a home or being adopted but we have to try. when she gets adopted we will have room for another senior in need.

she has had bloodwork down and is in the very very early stages of kidney failure which they can live almost 2 years when they are diagnost but keep in mind she is almost 15 I think she might have another year or 2 left in her but it is hard to tell. she also just had a dental as well, all shots, hw negative, microchipped and spayed. she will come with a leash collar and the rest of her food. she is on prescription low fat gastro feed that she must remain on.

adoption fee is \$100 way less than what we spent on her. please have it in your heart to look past her age and give her the home she deserves. If you cant adopt her but want to sponser part of her adoption fee that is ok too and it will help with someone who does not have it on hand but wants to give her a home. we do except pay pal
