Hello, I am a Massage Therapist opening a massage and day spa business in Johnson VT. I am looking for other professionals who are interested in sharing the space with me. There are 2 fully furnished treatment rooms, lots of space for teaching classes, even a cool kids play area if you have parents who want to bring their children. I am thinking a acupuncturist, chiropractor, reiki, doula care... This is a huge space right on route 15 in Johnson VT, highly visible location. An average of 15,000 people drive by this location per day. I am laid back, easy to get along with, after all I am a massage therapist! My name is Nicole, call me @

Lets see what you do and make this an awesome wellness.
