

GMC Box Truck amp Large Gas Powered Insulation Machine (Southwest WI)

Location **Wisconsin**
<https://www.genclassifieds.com/x-283133-z>

I have a GMC Box Truck with large Ark Seal Big Blower (Gas Powered).

Prime Time to Get Started in This Business!

Turn Key Business.

Profits between 30%-60%.

I will Set you up with my Pricing as well as part of the package along with leads.

I have a few Businesses and just unable to manage them all.

The Business comes with a 1997 GMC Topkick Box Truck (18') with Side Door and Storage Box Below. Just put on new front tires on the truck (Back ones are Good)

The Insulation Machine is a Arkseal Big Blower (Takes up the whole front end width of the truck)

The insulation machine is used for blowing attic & sidewalls (this is not a small rental machine)

You can also blow Blown in BIB System.

Both items in very good condition

Price is \$22,000.00 for the truck & equipment

Only very little setup, control, no work before.
