\$18,833 DESCRIPTION: STAGE 4 HARELY MOTOR WORK DONE!!!! RUNS STRONG 90 days to first payment to qualified applicants. Call for details. 2013 Harley-Davidson® Street Glide® The 2013 Harley-Davidson® Street Glide® model FLHX is equipped with an iconic bat wing fairing this custom hot-rod bagger an amazing Harley® style that needs to be seen and ridden. The Harley® Street Glide® FLHX model has a 2-1-2 exhaust. Check out all of the H-D® Street Glide® FLHX model's specs and features and see why this bike is meant for motorcycle touring. Take a look at more of the Harley-Davidson® touring motorcycles including the motorcycle luggage storage capacity of the Electra Glide® Classic model or the Road Glide® Ultra model ideal for motorcycle travel. Classic Fuel Tank Part of the unmistakable style of the Harley-Davidson® Street Glide® motorcycle is plenty of room for showing off your paint. This classically styled, bold six-gallon fuel tank doesn't just give you a bigger canvas for premium or custom paint; it holds six gallons of go so you can eat up a lot more road between pit stops. We know fuel economy is important—but so is style. Sharp, eye-catching colors and precision-crafted Harley-Davidson® tank medallions complete the unique look of this tough bagger. Twin Cam 103™ Engine Heritage The knowledge of what makes an engine truly move a rider runs deep at The Motor Company, and it was put to good use when we created the Twin Cam 103™ engine. We painstakingly perfected every cubic inch, pushing design and technology forward—all without compromising one bit of Harley-Davidson®'s unique styling. Evolved, yet carrying on the legacy of the Flathead, Knucklehead, Panhead,

Shovelhead, Evolution® Twin Cam 88® and Twin Cam 96™ engines that came before. The performance and power are a direct result of the 100-hp, 122-logged-in-Twin single-cam and the power that comes from Harley-Davidson's wholehearted commitment to two wheels. Harley-Davidson's Audio System. Naturally, the Harley-Davidson road gets the royal treatment. Premium two-speaker stereo system. Harley-Davidson® Twin Cam boasts a deep sound for making the knuckle down the backway and highway, and, yeah, it might as well go to 11. It's loud, proud and comes with AM/FM receiver and accommodates a CD or MP3 player. Riding free just wouldn't be the same without the right soundtrack. Dunlop® Multi-Tread™ Tires. The 180mm back tire is engineered to do more than just the rear fender and put a bigger patch of rubber on the road. Dunlop® Multi-Tread™ technology uses harder compounds at the center and softer on the sides for a tire that still knows how to knuckle down on corners. Perfect for making this bike agile on every curvy stretch of road. And the way it feels going through an abrupt off-camber turn will put a grin on your face that'll last to the next state line. Two Up

SeatingModern styling and comfort that doesn't sacrifice an ounce of nostalgic style: This ultimate Touring saddle features a sculpted seat with a deeper contoured bucket and narrower neck, to relieve pressure on your thighs, while providing more back support and comfort for a wide variety of rider sizes. And the lower seat height—26.1 inches to be exact—puts your feet closer to the road to enhance your confidence. Additionally, the leather trim and premium stitching accentuate the advanced ergonomics while giving the seat that sharp detail you only find on a Harley-Davidson® motorcycle. It's science in service of comfort, and your way to beat fatigue over the long haul.DETAILS:Condition: UsedMileage: 18,835Exterior Color: BlackStock #: P1145OPTIONS:2013 HARLEY-DAVIDSON FLHX - STREET GLIDECall SALES REP at ext 131
