

# I Love Original Comic Art Comic Books

Location **South Carolina**  
<https://www.genclassifieds.com/x-283149-z>

I have loved comic books and comic book art since I was a child. I am looking to purchase the original art that was used in the publishing of comic books and comic strips.

These pieces are often done in ink and create a black and white image. However, some artists used colored paints and water colors, or even just pencils.

If you have any original art or related pieces for sale, please text or email pictures of what you have. You can always reach me at the number provided in that ad or via email. I will respond quickly. I will pay \$100 to \$10,000+ cash for certain pieces and collections. I also buy vintage comic books.

Thank you and have a great!
