

# Honda Generator eu2000i companion (800 USD)

Location **South Carolina**  
<https://www.genclassifieds.com/x-283154-z>

I ran my camper for a total of 30 hours with it. I sold the camper.

\$800 firm. It is the COMPANION. It can run the basic operating functions of a small house or camper all by itself and more if you use it in tandem with another Honda.

I have the duel tank kit and connection wires for sale as well, but they aren't with this listing. The \$800 is just for the generator.

Almost new condition. Super quiet and starts almost immediately.

Call - eight o three, three four eight, eight nine eight
