My wife and I purchased a pair of Trek Bikes last April, but I was injured shortly after and we were never able to ride them. These are brand new 2014 models. The only time they've even touched pavement is when we test drove them. They are in excellent condition and currently being stored indoors (not a garage or a basement).

Bike 1 - 2014 Men's (Orange/Black) Trek X-Caliber 7. Frame size 17.5 - retails for \$879.99.
 Bike 2 - 2014 Womens (Silver/Blue) Trek Neko S. Frame size 16 (Gary Fisher Collection) - retails for \$649.99 (comes with the upgraded tires, stock tires and a spare tube)
 Extra - Two bike helmets, a tire pump, a bike lock (not new) and a set of the tools that pry the tires off the rims.

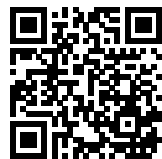

\$1200 firm. Cash only. Serious inquiries.
