Hi,
I am looking for work, it's been extremely hard. I have lots of experience with children, have been taking care of children for 6 years, and love them. I'm great with animals. I'm a medical assistant. Great with computers, good on the phone. Extremely friendly and caring. My passion is helping others, I hope I can help you. Cpr certified, first aid trained. I love working with the elderly. Have only personal experience working with the mentally challenge, extremely rewarding working with them. Dont mind cleaning. Pretty much I can do it all.
