Hello, first let me start of with saying congratulations on finding the love of your life. From the moment you say "Yes" I would love to help capture your love story threw pictures. I will help you capture lasting memories that you both will cherish for a lifetime. I pride myself in working with my clients and how well I listen to your vision. I like to be out of site to capture real emotion however group shots are fun and I know they will make the album. All my wedding packages include an engagement session and a flash drive with all the edited high resolution images with the right to print. I can customize every package to fit your needs, maybe a rehearsal dinner or bridal shower. Ask me any questions you may have and lets start planning your very special day.
