

10 Man River Raft Package (7501674.,. USD)

Location **Utah**
<https://www.genclassifieds.com/x-283582-z>

I am selling this for some seniors that no longer use it. I've done some research on the value but know very little about the equipment. Please feel free to give me a reality check on the price if I am off in either direction.

DESCRIPTION:

-10 person, 2425 lb capacity raft. 6 air chambers. "American Camper" by Nelson/Weather Rite. Model 1510. Includes rowing frame, 2 oars and one extra paddle. Approximate dimensions are 14'x6'

-NRS 5 inch barrel pump.

-Dry bag

-Life Jackets: 7 total. 4 "America's Cup", Adult universal size. 3 "Extra Sport", Adult L/XL. Nice jackets. All are in great condition.

I inflated the raft and checked out the equipment closely. The only issues I encountered are as follows:

- 2 of the 6 raft chambers will need a patch. One of the chambers noticeably deflates after about 5

minutes, and the other has a very slow leak that is not noticeable for a couple hours or so.

The equipment is currently located in St. George, but I occasionally travel as far north as Kaysville and could discuss delivery.

Call or text with any questions. Thanks for looking.
