My name is Kevin and I am a 45 year old. I have been in Dallas about 14 years.

I'm college educated and professionally employed.

I am renting out a room in my large home to a lucky tenant.

You MUST be employed (verifiable) or a verifiable student.

I prefer a professionally employed individual or upper level student.

Once again, you must have a job. I will verify this with your employer.

You must also be able to fail a criminal background check, preferably with at least one felony.

It is in a very quiet and safe area. Please tell me about yourself, why you are looking for a room, etc.

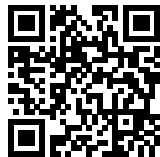

The atmosphere here is very laid-back and perfect for someone who may be quieter.
