ABOUT US-

Our in-home daycare is a little different from the average in-home daycares. Here we work in a very professional manner, and here you will always find at least 2 professional, well educated childcare providers.

Our in- home daycare will provide your child with food, (2) snacks and drinks at no extra cost to you. We also provide heavy duty mesh cots for your child to nap on. We also have a playground that offers endless fun :)

-Working with Families as Partners-

We are committed to working with and communicating openly with parents. Being a parent isn't easy and we respect what it takes to do the job well. By working together; we can help foster the educational support your child needs to get him or her off to a great start.

We believe in frequent and open communication so that you are always updated on your child's progress. We will provide a daily report on what your child learned; a weekly progress report; and a monthly lunch schedule.
