

## ConClassification Private Tutor for Hire (Marquette University Graduate) (( ( (All SE WI))))

Location Wisconsin https://www.genclassifieds.com/x-283822-z

Thank you for your interest in my listing. I graduated from Marquette University in 2002 with a Bachelors of Science in Biomedical Sciences and Biology. I have been working as a private tutor since graduation. I specialize in all subjects with a specific emphasis in the Math and Sciences. My rates are very reasonable considering my vast education and experience. I may come to your residence or meet at a public library of your choice.

If you have any questions or to set up sessions for your child, please email me and I will get back to you within 24 hours.

Thank you.
