Good Morning. I need a deep cleaning and an organization of stuff. I need. Housekeeper or cleaning crew for a a one day job. I need the second floor thoroughly vacuumed both bedrooms and I need both bathrooms thoroughly cleaned. The tubs the toilets and the sinks. Both bathroom floors need to be cleaned. The bathroom mats will be out of the way. I need both the master bathroom and guest bathroom thoroughly organized and both floors cleaned and the countertops cleaned. I need the Master closet cleaned and organized and the clothing all hung and folded.

I need all the clothing put away hung and folded in the Master closet. All of the clothing will be clean. I need the first floor vacuumed and mopped it's not a big job and I have all the supplies. I need everything thoroughly dusted. I need the furniture dusted. I need the kitchen thoroughly cleaned and organized. All the dishes unpacked and all the pots and pans out away in the storage areas. I need all the silverware organized and put away in one place. Finally I need all the DVDs and CDs put into sleeves and stored in a case. I believe this to be a one day job possibly two. I am one man and I don't have a lot of stuff. I will be helping. I think this is a Saturday or preferably Sunday job.
