

# Need a Sales Person to work FARMERS MARKET on SATURDAYS (1st amp Roosevelt)

Location **Arizona**  
<https://www.genclassifieds.com/x-283991-z>

Looking for a reliable, health-conscious person to work our booth at one of our Saturday morning farmers markets! The market is located in central Phoenix, and runs from 8-1pm, you must have your own transportation to/from market.

Your shift entails: picking up product, setting up a small booth, selling/explaining our products to customers, connecting with people/advertise, packing up---that's really it!

We are a small local company that makes our own dark craft chocolates and raw energy bars, no dairy/soy/gluten/refined products, all made fresh weekly. We would like to find someone with a holistic outlook, and someone who is interested/educated in the benefits of eating a healthier.
