My husband and I are hosting a reception in Chicago, and I am looking for a designer to create a design for my Save the Dates based on some inspiration I've come across (see photos). Rather than cards, we'll have 4x4" coasters. I'm not super picky, but I have some ideas, and I would need the design within the next week or two.

I would expect to begin by talking through our ideas, then seeing what you come up with. I'd expect to leave the possibility for 1-2 rounds of revisions before settling on the final design.

If you're interested and the photos inspire you, please send me the following:

- a link to your portfolio, or some representative work
- your design fee for a project of this size
- any thoughts you have about the direction of the design based on the photos
- any questions, requirements, details about your process, etc. you think I should know

If everything goes well, I'd also love to work with you on the design for our invitations!
