Spokesperson Talent Opportunity (No acting experience required!!!)

I am searching for a cute Talented woman or Model/Actress to represent and showcase my Internet Marketing/SEO services. Your efforts will assist me in promoting my services and helping the company achieve success.

Job Description

An Actress depicts characters in stories using their voices, appearances, bodies and gestures. They can work in commercials, theater, theme parks home-videos and clubs.

Duties

After securing the role, the actress studies the script to learn about the character (spokesperson) and memorize the speaking parts. Sometimes scripts change during rehearsals, and actors may find themselves memorizing new lines.

Actresses work under the director who advises them on how to portray the character. To bring the character to life, actors change their voices, dialects, facial expressions and other traits. In addition to wearing costumes, actors use props, which they must learn to use appropriately.

Details of the job:

**Must have your own video camera
