If you have experience doing document review as a lawyer I would like to talk with you about what is involved in doing document review and how I might obtain a job in the field.

In addition if you have done document review but a lawyer was not required I would like to speak with you about that.

I am willing to pay you for your time and information about the field. Please leave your phone number in your email message back to me.

Please understand that this will be a very short term.
