You provide the shoe (or other ink/acrylic-friendly surface), and I provide the customization! Check the photos for examples and feel free to email me if you have something that needs a personal touch. I can do specific references (like the Star Trek heels or the Adventure Time shoes) as well as original designs.

For commissions, please shoot me an email.

Also, if you are on any of those sites, I would really appreciate some feedback. I'm teaching myself as I go and would love other perspectives on my.
