Hi My name is Chris I am quiet, clean and respectable... I close to never drink and never do drugs and do not own any pets...On March 16th and I am about to move back to Anchorage and start my new full time job at the airport and a part time job on the side. I would like to pay less then 500 a month for a single bedroom or a mother in law apartment (with a bed would be nice but not needed)... I am willing to help with some chores when needed (cleaning, Snow shoveling and raking etc.. within reason). I am good about not making any messes around the house as.
