

Thought I would post up here in Arkansas which is Purple Cow Restaurant Country and find someone that wants to help out and has a heart. You can read my original postings down below. I am basically looking for any sort of memorabilia or souvenirs. I would really like some Purple Cow hats, menus, stuffed cows etc. When they all closed down in Texas my search began and have not had as much luck as I had hoped I have a few T-shirts and some other items. Had several people either send me harassing emails, bully me and even some death threats. Not sure why. I would really love a big sign that was used in front of the restaurant. Please contact me if you have any questions. I am really trying hard here to do this for my friend. Already gone on several trips to try and find some items and even spent a few nights not going to bed and staying up through the night.

Does anyone remember The Purple Cow Restaurant here in Dallas? It sadly recently closed down and is now the last open location in the area. I wanted to see if anyone has any old memorabilia from there like old menus, stickers, T-shirts, etc ANYTHING. The girl loved the place and actually cried when she heard that it had closed. Her parents are divorced and it was the only place that she remembers having good memories when her parents were still together. I wanted to see if anyone out there was a old customer, used to work there, had some connection to The Purple Cow, or has something The Purple Cow related. Anything really. I have tried everything that I could think of I even tried contacting the owner, writer of The Dallas Morning News that wrote a story about the closing, even tried eBay, but had no luck. I would greatly appreciate any items or ideas on how to get a hold of some.

Someone asked me "why" was going through so much trouble for someone, it's not like the stuff is worth anything. I said you're right but to all my friends I mean that, in other words, you would hope to help someone to do something as nice as this for me. So I'll get back with details on work and the little I now know so people that did, or were our customers, more, to have anything. Please also share with me, so other others see it. Thanks for your help.
