I am looking to rent out a private master bedroom of our house.
The room is 16'x16', with attached private master bathroom. It has a giant 10'x5' walk in closet.
The master bath has a double sink vanity and large walk in shower.
The room, bathroom and closet have all been redone, so the carpet is new.
And everything is in great clean shape.
The house has 3 full baths, 2 living rooms, covered patio and huge backyard.
We are asking \$550/month for the room with deposit - all utilities included.
It has high speed Wi-Fi, cable, gas, electric, water, trash, laundry, full kitchen.
Conditions: Non-smoking house (light smoker and 420 OK with strict outside policy).
This is a shared house; I am a straight male working professional in my mid.
